1. Summary

This product bulletin announces the availability of the refreshed RDS+ SnapManager® for SharePoint® (SMSP) Implementation Service.

The RDS+ SMSP Implementation Services is a fixed scope, fixed price service offering that can be easily quoted and sold with minimal to no PS involvement to maintain the pace of the sales cycle.

2. What's New?

The refreshed RDS+ SMSP Implementation Service has been expanded by offering new optional add-on service components, which include Binary Large Object (BLOB), Data Migration, Disaster Recovery, and Optimization. These add-on service components must be ordered with the "Base" installation service.

3. Sales and Customer-Ready Tools (Training, SE, Customer Presentations, Datasheets, Sales Guides)

To get additional information and collateral for this service, go to the TechNet Web site at https://tech.netapp.com/internal/02/technet_services_rds_moss.html.

4. System Requirements

6. Regulatory Compliance

Products need to be validated against the NetApp Safety/EMI Regulatory Compliance List prior to order submission. This is required to make sure that products are being sold only in the countries in which NetApp has received regulatory compliance certification. This information can be found in the Field Portal by searching under "Compliance, Policies and Procedures" or following the links below:

- [RoHS Compliance](#)
- [Safety/EMI Regulatory Compliance \(XLS\)](#)
- [WEEE Compliance](#)

7. Warranty and Service

N/A

8. Additional Information
