9. Additional Information

1. Summary

This product bulletin announces the availability of the tiered storage license for SnapDrive® for Windows®. The introduction of these licenses allows customers to purchase an “all you can eat” SnapDrive for Windows tiered storage license for a particular NetApp storage system. This introduction will greatly simplify SnapDrive for Windows quoting.

The new marketing part numbers will be available to quote in the 4 May 2009 Quote Tool release. The marketing part numbers are listed in section 6. Currently SnapDrive for Windows tiered storage part numbers are available under the “**Add Parts w/Service**” tab of the Quote Tool. The “**Configured Parts**” will appear in the 4 May 2009 Quote Tool release.

2. What's New?

In addition to providing the existing host-based licensing model, SnapDrive for Windows will introduce a tiered storage licensing model for customers who want to scale their environment and expand the use of SnapDrive for Windows installations.

3. Sales Tools (Sales Guides, Training Presentations, SE Presentations)

N/A

4. Customer-Ready Tools (Customer Presentations, Datasheets)

N/A

5. System Requirements

Refer to the NOW™ (NetApp on the Web) site for [supported platforms and compatibility matrix](#). Select the “SnapDrive for Windows” option from the “Perspective” drop-down menu before entering the search criteria.

6. Product Information

SnapDrive for Windows is licensed on tiered storage in addition to the existing per-host basis. Details on host licensing can be found in the latest Product Bulletin. Customers who deploy SnapDrive for Windows on a VMware® guest OS, Hyper-V™ child OS, or any supported virtualization environment are required to purchase only one license (that is, the license is not based on the number of guest operating systems).

The table below lists the part numbers for various configurations as of the date of this product bulletin. These part numbers apply to both new system builds and add-ons.

Part Number	Description	Discount Category Code
SW-T1-SDR-WIN-C	SnapDrive for Windows Software,T1,-C	J
SW-T1C-SDR-WIN-C	SnapDrive for Windows Software,T1C,-C	J

Software Subscription Plans

Customers should purchase an SSP license for SnapDrive for Windows. This license entitles them to NetApp customer support and also to future releases of SnapDrive for Windows. When using the controller-based pricing methodology, SSP is handled as part of the overall software SSP contract. Refer to existing Data ONTAP® software SSP methodology documents for more information.

Quoting

For detailed instructions on how to quote this product or service using the Quote Tool, see QTB-PRODUCT.

Downloading

For downloading software, go to [NOW Download Software](#).
Follow the link to **SnapDrive** and select the **Windows** platform.

Product Availability

The tiered storage license “**Configured Parts**” for SnapDrive for Windows will be available with the 4 May 2009 Quote Tool release.

7. Regulatory Compliance

Products need to be validated against the NetApp Safety/EMI Regulatory Compliance List prior to order submission. The list is available at PartnerCenter Compliance Information. This is required to ensure that products are being sold only in the countries in which NetApp has received regulatory compliance certification.

8. Warranty and Service

Standard software warranty and services apply.

9. Additional Information
