This limited warranty gives you specific legal rights. You may have others, which vary from state to state.

5. DISCLAIMER OF WARRANTY. UNLESS SPECIFIED IN THIS AGREEMENT, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS AND WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT ARE DISCLAIMED, EXCEPT TO THE EXTENT THAT THESE DISCLAIMERS ARE HELD TO BE LEGALLY INVALID.

6. LIMITATION OF LIABILITY. TO THE EXTENT NOT PROHIBITED BY LAW, IN NO EVENT WILL SUN OR ITS LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT OR DATA, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES, HOWEVER CAUSED REGARDLESS OF THE THEORY OF LIABILITY, ARISING OUT OF OR RELATED TO THE USE OF OR INABILITY TO USE SOFTWARE, EVEN IF SUN HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. In no event will Sun's liability to you, whether in contract, tort (including negligence), or otherwise, exceed the amount paid by you for Software under this Agreement. The foregoing limitations will apply even if the above stated warranty fails of its essential purpose. Some states do not allow the exclusion of incidental or consequential damages, so some of the terms above may not be applicable to you.

7. SOFTWARE UPDATES FROM SUN. You acknowledge that at your request or consent optional features of the Software may download, install, and execute applets, applications, software extensions, and updated versions of the Software from Sun ("Software Updates"), which may require you to accept updated terms and conditions for installation. If additional terms and conditions are not presented on installation, the Software Updates will be considered part of the Software and subject to the terms and conditions of the Agreement.

8. SOFTWARE FROM SOURCES OTHER THAN SUN. You acknowledge that, by your use of optional features of the Software and/or by requesting services that require use of the optional features of the Software, the Software may automatically download, install, and execute software applications from sources other than Sun ("Other Software"). Sun makes no representations of a relationship of any kind to licensors of Other Software. TO THE EXTENT NOT PROHIBITED BY LAW, IN NO EVENT WILL SUN OR ITS LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT OR

DATA, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES, HOWEVER CAUSED REGARDLESS OF THE THEORY OF LIABILITY, ARISING OUT OF OR RELATED TO THE USE OF OR INABILITY TO USE OTHER SOFTWARE, EVEN IF SUN HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some states do not allow the exclusion of incidental or consequential damages, so some of the terms above may not be applicable to you.

9. **TERMINATION.** This Agreement is effective until terminated. You may terminate this Agreement at any time by destroying all copies of Software. This Agreement will terminate immediately without notice from Sun if you fail to comply with any provision of this Agreement. Either party may terminate this Agreement immediately should any Software become, or in either party's opinion be likely to become, the subject of a claim of infringement of any intellectual property right. Upon Termination, you must destroy all copies of Software.

10. **EXPORT REGULATIONS.** All Software and technical data delivered under this Agreement are subject to US export control laws and may be subject to export or import regulations in other countries. You agree to comply strictly with all such laws and regulations and acknowledge that you have the responsibility to obtain such licenses to export, re-export, or import as may be required after delivery to you.

11. **TRADEMARKS AND LOGOS.** You acknowledge and agree as between you and Sun that Sun owns the SUN, SOLARIS, JAVA, JINI, FORTE, and iPLANET trademarks and all SUN, SOLARIS, JAVA, JINI, FORTE, and iPLANET-related trademarks, service marks, logos and other brand designations ("Sun Marks"), and you agree to comply with the Sun Trademark and Logo Usage Requirements currently located at <http://www.sun.com/policies/trademarks>. Any use you make of the Sun Marks inures to Sun's benefit.

12. **U.S. GOVERNMENT RESTRICTED RIGHTS.** If Software is being acquired by or on behalf of the U.S. Government or by a U.S. Government prime contractor or subcontractor (at any tier), then the Government's rights in Software and accompanying documentation will be only as set forth in this Agreement; this is in accordance with 48 CFR 227.7201 through 227.7202-4 (for Department of Defense (DOD) acquisitions) and with 48 CFR 2.101 and 12.212 (for non-DOD acquisitions).

13. **GOVERNING LAW.** Any action related to this Agreement will be governed by California law and controlling U.S. federal law. No choice of law rules of any jurisdiction will apply.

14. **SEVERABILITY.** If any provision of this Agreement is held to be unenforceable, this Agreement will remain in effect with the provision omitted, unless omission would frustrate the intent of the parties, in which case this Agreement will immediately terminate.

15. **INTEGRATION.** This Agreement is the entire agreement between you and Sun relating to its subject matter. It supersedes all prior or contemporaneous oral or written communications, proposals, representations and warranties and prevails over any conflicting or additional terms of any quote, order, acknowledgment, or other communication between the parties relating to its subject matter during the term of this Agreement. No modification of this Agreement will be binding, unless in writing and signed by an authorized representative of each party.

SUPPLEMENTAL LICENSE TERMS These Supplemental License Terms add to or modify the terms of the Binary Code License Agreement. Capitalized terms not defined in these Supplemental Terms shall have the same meanings ascribed to them in the Binary Code License Agreement. These Supplemental Terms shall supersede any inconsistent or conflicting terms in the Binary Code License Agreement, or in any license contained within the Software.

A. Software Internal Use and Development License Grant. Subject to the terms and conditions of this Agreement, including, but not limited to the Java Technology Restrictions of these Supplemental Terms, Sun grants you a non-exclusive, non-transferable, limited license without fees to reproduce internally and use internally the Software complete and unmodified for the purpose of designing, developing, and testing your Programs.

B. License to Distribute Software. Subject to the terms and conditions of this Agreement, including, but not limited to the Java Technology Restrictions of these Supplemental Terms, Sun grants you a non-exclusive, non-transferable, limited license without fees to reproduce and distribute the Software, provided that (i) you distribute the Software complete and unmodified (unless otherwise specified in the applicable README file) and only bundled as part of, and for the sole purpose of running, your Programs, (ii) the Programs add significant and primary functionality to the Software, (iii) you do not distribute additional software intended to replace any component(s) of the Software (unless otherwise specified in the applicable README file), (iv) you do not remove or alter any proprietary legends or notices contained in the Software, (v) you only distribute the Software subject to a license agreement that protects Sun's interests consistent with the terms contained in this Agreement, and (vi) you agree to defend and indemnify Sun and its licensors from and against any damages, costs, liabilities, settlement amounts and/or expenses (including attorneys' fees) incurred in connection with any claim, lawsuit or action by any third party that arises or results from the use or distribution of any and all Programs and/or Software.

C. License to Distribute Redistributables. Subject to the terms and conditions of this Agreement, including but not limited to the Java Technology Restrictions of these Supplemental Terms, Sun grants you a non-exclusive, non-transferable, limited license without fees to reproduce and distribute those files specifically identified as redistributable in the Software "README" file ("Redistributables") provided that: (i) you distribute the Redistributables complete and unmodified (unless otherwise specified in the applicable README file), and only bundled as part of Programs, (ii) you do not distribute additional software intended to supersede any component(s) of the Redistributables (unless otherwise specified in the applicable README file), (iii) you do not remove or alter any proprietary legends or notices contained in or on the Redistributables, (iv) you only distribute the Redistributables pursuant to a license agreement that protects Sun's interests consistent with the terms contained in the Agreement, (v) you agree to defend and indemnify Sun and its licensors from and against any damages, costs, liabilities, settlement amounts and/or expenses (including attorneys' fees) incurred in connection with any claim, lawsuit or action by any third party that arises or results from the use or distribution of any and all Programs and/or Software.

D. Java Technology Restrictions. You may not modify the Java Platform Interface ("JPI", identified as classes contained within the "java" package or any subpackages of the "java" package), by creating additional classes within the JPI or otherwise causing the addition to or modification of the classes in the JPI. In the event that you create an additional class and associated API(s) which (i) extends the functionality of the Java platform, and (ii) is exposed to third party software developers for the purpose of developing additional software which invokes such additional API, you must promptly publish broadly an accurate specification for such API for free use by all developers. You may not create, or authorize your licensees to create, additional classes, interfaces, or subpackages that are in any way identified as "java", "javax", "sun" or similar convention as specified by Sun in any naming convention designation.

E. Distribution by Publishers. This section pertains to your distribution of the Software with your printed book or magazine (as those terms are commonly used in the industry) relating to Java technology ("Publication"). Subject to and conditioned upon your compliance with the restrictions and obligations contained in the Agreement, in addition to the license granted in Paragraph 1 above, Sun hereby grants to you a non-exclusive, nontransferable limited right to reproduce complete and unmodified copies of the Software on electronic media (the "Media") for the sole purpose of inclusion

and distribution with your Publication(s), subject to the following terms: (i) You may not distribute the Software on a stand-alone basis; it must be distributed with your Publication(s); (ii) You are responsible for downloading the Software from the applicable Sun web site; (iii) You must refer to the Software as Java™ 2 Software Development Kit, Standard Edition, Version 1.4.2; (iv) The Software must be reproduced in its entirety and without any modification whatsoever (including, without limitation, the Binary Code License and Supplemental License Terms accompanying the Software and proprietary rights notices contained in the Software); (v) The Media label shall include the following information: Copyright 2003, Sun Microsystems, Inc. All rights reserved. Use is subject to license terms. Sun, Sun Microsystems, the Sun logo, Solaris, Java, the Java Coffee Cup logo, J2SE, and all trademarks and logos based on Java are trademarks or registered trademarks of Sun Microsystems, Inc. in the U.S. and other countries. This information must be placed on the Media label in such a manner as to only apply to the Sun Software; (vi) You must clearly identify the Software as Sun's product on the Media holder or Media label, and you may not state or imply that Sun is responsible for any third-party software contained on the Media; (vii) You may not include any third party software on the Media which is intended to be a replacement or substitute for the Software; (viii) You shall indemnify Sun for all damages arising from your failure to comply with the requirements of this Agreement. In addition, you shall defend, at your expense, any and all claims brought against Sun by third parties, and shall pay all damages awarded by a court of competent jurisdiction, or such settlement amount negotiated by you, arising out of or in connection with your use, reproduction or distribution of the Software and/or the Publication. Your obligation to provide indemnification under this section shall arise provided that Sun: (i) provides you prompt notice of the claim; (ii) gives you sole control of the defense and settlement of the claim; (iii) provides you, at your expense, with all available information, assistance and authority to defend; and (iv) has not compromised or settled such claim without your prior written consent; and (ix) You shall provide Sun with a written notice for each Publication; such notice shall include the following information: (1) title of Publication, (2) author(s), (3) date of Publication, and (4) ISBN or ISSN numbers. Such notice shall be sent to Sun Microsystems, Inc., 4150 Network Circle, M/S USCA12-110, Santa Clara, California 95054, U.S.A., Attention: Contracts Administration.

F. Source Code. Software may contain source code that, unless expressly licensed for other purposes, is provided solely for reference purposes pursuant to the terms of this Agreement. Source code may not be redistributed unless expressly provided for in this Agreement.

G. Third Party Code. Additional copyright notices and license terms applicable to portions of the Software are set forth in the THIRDPARTYLICENSEREADME.txt file. In addition to any terms and conditions of any third party opensource/freeware license identified in the THIRDPARTYLICENSEREADME.txt file, the disclaimer of warranty and limitation of liability provisions in paragraphs 5 and 6 of the Binary Code License Agreement shall apply to all Software in this distribution. For inquiries please contact: Sun Microsystems, Inc., 4150 Network Circle, Santa Clara, California 95054, U.S.A. (LFI#130039/Form ID#011801)

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.[This is the first released version of the Library GPL. It is numbered 2 because it goes with version 2 of the ordinary GPL.]

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public Licenses are intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users.

This license, the Library General Public License, applies to some specially designated Free Software Foundation software, and to other libraries whose authors who decide to use it. You can use it for your libraries too. When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid anyone to deny you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the library, or if you modify it. For example, if you distribute copies of the library, whether gratis or for a fee, you must give the recipients all the rights that we gave you. You must make sure that they, too, receive or can get the source code. If you link a program with the library, you must provide complete object files to the recipients so that they can relink them with the library after making changes to the library and recompiling it. And you must show them these terms so they know their rights.

Our method of protecting your rights has two steps: (1) copyright the library, and (2) offer you this license, which gives you legal permission to copy, distribute and/or modify the library.

Also, for each distributor's protection, we want to make certain that everyone understands that there is no warranty for this free library. If the library is modified by someone else and passed on, we want its recipients to know that what they have is not the original version, so that any problems introduced by others will not reflect on the original authors' reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that companies distributing free software will individually obtain patent licenses, thus in effect transforming the program into proprietary software. To prevent this, we have made it clear that any patent must be licensed for everyone's free use or not licensed at all.

Most GNU software, including some libraries, is covered by the ordinary GNU General Public License, which was designed for utility programs. This license, the GNU Library General Public License, applies to certain designated libraries. This license is quite different from the ordinary one; be sure to read it in full, and don't assume that anything in it is the same as in the ordinary license.

The reason we have a separate public license for some libraries is that they blur the distinction we usually make between modifying or adding to a program and simply using it. Linking a program with a library, without changing the library, is in some sense simply using the library, and is analogous to running a utility program or application program. However, in a textual and legal sense, the linked executable is a combined work, a derivative of the original library, and the ordinary General Public License treats it as such. Because of this blurred distinction, using the ordinary General Public License for libraries did not effectively promote software sharing, because most developers did not use the libraries. We concluded that weaker conditions might promote sharing better.

However, unrestricted linking of non-free programs would deprive the users of those programs of all benefit from the free status of the libraries themselves. This Library General Public License is intended to permit developers of non-free programs to use free libraries, while preserving your freedom as a user of such programs to change the free libraries that are incorporated in them. (We have not seen how to achieve this as regards changes in header files, but we have achieved it as regards changes in the actual functions of the Library.) The hope is that this will lead to faster development of free libraries.

The precise terms and conditions for copying, distribution and modification follow. Pay close attention to the difference between a "work based on the library" and a "work that uses the library". The former contains code derived from the library, while the latter only works together with the library.

Note that it is possible for a library to be covered by the ordinary General Public License rather than by this special one.

TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License Agreement applies to any software library which contains a notice placed by the copyright holder or other authorized party saying it may be distributed under the terms of this Library General Public License (also called "this License"). Each licensee is addressed as "you".

A "library" means a collection of software functions and/or data prepared so as to be conveniently linked with application programs (which use some of those functions and data) to form executables.

The "Library", below, refers to any such software library or work which has been distributed under these terms. A "work based on the Library" means either the Library or any derivative work under copyright law: that is to say, a work containing the Library or a portion of it, either verbatim or with modifications and/or translated straightforwardly into another language. (Hereinafter, translation is included without limitation in the term "modification".)

"Source code" for a work means the preferred form of the work for making modifications to it. For a library, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the library.

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running a program using the Library is not restricted, and output from such a program is covered only if its contents constitute a work based on the Library (independent of the use of the Library in a tool for writing it). Whether that is true depends on what the Library does and what the program that uses the Library does.

1. You may copy and distribute verbatim copies of the Library's complete source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and distribute a copy of this License along with the Library. You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Library or any portion of it, thus forming a work based on the Library, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

- a) The modified work must itself be a software library.
- b) You must cause the files modified to carry prominent notices stating that you changed the files and the date of any change.
- c) You must cause the whole of the work to be licensed at no charge to all third parties under the terms of this License.

d) If a facility in the modified Library refers to a function or a table of data to be supplied by an application program that uses the facility, other than as an argument passed when the facility is invoked, then you must make a good faith effort to ensure that, in the event an application does not supply such function or table, the facility still operates, and performs whatever part of its purpose remains meaningful.

(For example, a function in a library to compute square roots has a purpose that is entirely well-defined independent of the application. Therefore, Subsection 2d requires that any application-supplied function or table used by this function must be optional: if the application does not supply it, the square root function must still compute square roots.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Library, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Library, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Library.

In addition, mere aggregation of another work not based on the Library with the Library (or with a work based on the Library) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may opt to apply the terms of the ordinary GNU General Public License instead of this License to a given copy of the Library. To do this, you must alter all the notices that refer to this License, so that they refer to the ordinary GNU General Public License, version 2, instead of to this License. (If a newer version than version 2 of the ordinary GNU General Public License has appeared, then you can specify that version instead if you wish.) Do not make any other change in these notices.

Once this change is made in a given copy, it is irreversible for that copy, so the ordinary GNU General Public License applies to all subsequent copies and derivative works made from that copy. This option is useful when you wish to copy part of the code of the Library into a program that is not a library.

4. You may copy and distribute the Library (or a portion or derivative of it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange. If distribution of object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place satisfies the requirement to distribute the source code, even though third parties are not compelled to copy the source along with the object code.

5. A program that contains no derivative of any portion of the Library, but is designed to work with the Library by being compiled or linked with it, is called a "work that uses the Library". Such a work, in isolation, is not a derivative work of the Library, and therefore falls outside the scope of this License. However, linking a "work that uses the Library" with the Library creates an executable that is a derivative of the Library (because it contains portions of the Library), rather than a "work that uses the library". The executable is therefore covered by this License. Section 6 states terms for distribution of such executables. When a "work that uses the Library" uses material from a header file that is part of the Library, the object code for the work may be a derivative work of the Library even though the source code is not. Whether this is true is especially significant if the work can be linked without the Library, or if the work is itself a library. The threshold for this to be true is not precisely defined by law.

If such an object file uses only numerical parameters, data structure layouts and accessors, and small macros and small inline functions (ten lines or less in length), then the use of the object file is unrestricted, regardless of whether it is legally a derivative work. (Executables containing this object code plus portions of the Library will still fall under Section 6.) Otherwise, if the work is a derivative of the Library, you may distribute the object code for the work under the terms of Section 6. Any executables containing that work also fall under Section 6, whether or not they are linked directly with the Library itself.

6. As an exception to the Sections above, you may also compile or link a "work that uses the Library" with the Library to produce a work containing portions of the Library, and distribute that work under terms of your choice, provided that the terms permit modification of the work for the customer's own use and reverse engineering for debugging such modifications. You must give prominent notice with each copy of the work that the Library is used in it and that the Library and its use are covered by this License. You must supply a copy of this License. If the work during execution displays copyright notices, you must include the copyright notice for the Library among them, as well as a reference directing the user to the copy of this License.

Also, you must do one of these things:

- a) Accompany the work with the complete corresponding machine-readable source code for the Library including whatever changes were used in the work (which must be distributed under Sections 1 and 2 above); and, if the work is an executable linked with the Library, with the complete machine-readable "work that uses the Library", as object code and/or source code, so that the user can modify the Library and then relink to produce a modified executable containing the modified Library. (It is understood that the user who changes the contents of definitions files in the Library will not necessarily be able to recompile the application to use the modified definitions.)
- b) Accompany the work with a written offer, valid for at least three years, to give the same user the materials specified in Subsection 6a, above, for a charge no more than the cost of performing this distribution.
- c) If distribution of the work is made by offering access to copy from a designated place, offer equivalent access to copy the above specified materials from the same place.
- d) Verify that the user has already received a copy of these materials or that you have already sent this user a copy.

For an executable, the required form of the "work that uses the Library" must include any data and utility programs needed for reproducing the executable from it. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable. It may happen that this requirement contradicts the license restrictions of other proprietary libraries that do not normally accompany the operating system. Such a contradiction means you cannot use both them and the Library together in an executable that you distribute.

7. You may place library facilities that are a work based on the Library side-by-side in a single library together with other library facilities not covered by this License, and distribute such a combined library, provided that the separate distribution of the work based on the Library and of the other library facilities is otherwise permitted, and provided that you do these two things:

- a) Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities. This must be distributed under the terms of the Sections above.

b) Give prominent notice with the combined library of the fact that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.

8. You may not copy, modify, sublicense, link with, or distribute the Library except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense, link with, or distribute the Library is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

9. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Library or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Library (or any work based on the Library), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Library or works based on it.

10. Each time you redistribute the Library (or any work based on the Library), the recipient automatically receives a license from the original licensor to copy, distribute, link with or modify the Library subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

11. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Library at all. For example, if a patent license would not permit royalty-free redistribution of the Library by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Library. If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply, and the section as a whole is intended to apply in other circumstances. It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice. This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

12. If the distribution and/or use of the Library is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Library under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

13. The Free Software Foundation may publish revised and/or new versions of the Library General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Library specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Library does not specify a license version number, you may choose any version ever published by the Free Software Foundation.

14. If you wish to incorporate parts of the Library into other free programs whose distribution conditions are incompatible with these, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

15. BECAUSE THE LIBRARY IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE LIBRARY, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE LIBRARY "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE LIBRARY IS WITH YOU. SHOULD THE LIBRARY PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

16. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE LIBRARY AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE LIBRARY (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE LIBRARY TO OPERATE WITH ANY OTHER SOFTWARE), EVEN IF SUCH HOLDER OR OTHER

PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Libraries

If you develop a new library, and you want it to be of the greatest possible use to the public, we recommend making it free software that everyone can redistribute and change. You can do so by permitting redistribution under these terms (or, alternatively, under the terms of the ordinary General Public License).

To apply these terms, attach the following notices to the library. It is safest to attach them to the start of each source file to most effectively convey the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

one line to give the library's name and an idea of what it does.

SOFTWARE PRODUCT LICENSE The SOFTWARE PRODUCT is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The SOFTWARE PRODUCT is licensed, not sold.

1. GRANT OF LICENSE. This EULA grants you the following limited, non-exclusive rights: Software Product. You may install and use the SOFTWARE PRODUCT on a single computer solely for the purpose of developing applications which create, extract or manipulate files that are compatible with Microsoft CAB file format ("Application"). You may not use the SOFTWARE PRODUCT to create files which are not compatible with the Microsoft CAB file format. Microsoft Developer Network Subscriber. (a) you may make and use copies of the SOFTWARE PRODUCT on up to ten (10) separate computers, provided that you are the only individual using the SOFTWARE PRODUCT on each such computer, and

(b) if you are a single entity, you may designate one individual within your organization to have the right to use the SOFTWARE PRODUCT in the manner described herein. Sample Code. You may also reproduce and distribute the Sample Code in object code form along with any modifications you make to the Sample Code, provided that the modifications do not create files which are not compatible with Microsoft CAB file format and that you comply with the Distribution Requirements described below. For purposes of this section, "modifications" shall mean changes to the functionality of the Sample Code. Redistributable Code. Portions of the SOFTWARE PRODUCT in the "BIN" and "LIB" directories are designated as "Redistributable Code." - (e) the library code in the LIB directory may only be redistributed when linked into your Application;
- (f) you do not use Microsoft's name, logo, or trademarks to market your Application;
- (g) you include a valid copyright notice on your Application; and
- (h) you agree to indemnify, hold harmless, and defend Microsoft from and against any claims or lawsuits, including attorneys' fees, that arise or result from the use or distribution of your Application. Contact Microsoft for the applicable royalties due and other licensing terms for all other uses and/or distribution of the REDISTRIBUTABLE COMPONENTS. Microsoft reserves all rights not expressly granted to you.

2. COPYRIGHT. All rights, title, and copyrights in and to the SOFTWARE PRODUCT (including, but not limited to, any images, photographs, animations, video, audio, music, text, and "applets" incorporated into the SOFTWARE PRODUCT) and any copies of the SOFTWARE PRODUCT are owned by Microsoft or its suppliers. The SOFTWARE PRODUCT is protected by copyright laws and international treaty provisions. Therefore, you must treat the SOFTWARE PRODUCT like any other copyrighted material, except that you may either

These portions of the SOFTWARE PRODUCT may not operate correctly and may be substantially modified prior to first commercial shipment. Microsoft is not obligated to make this or any later version of the SOFTWARE PRODUCT commercially available. Microsoft grants you the right to distribute test versions of your Application created using the PRERELEASE CODE provided you comply with the Distribution Requirements described in Section 1 and the following additional provisions:

- (a) you must mark the test version of your Application "BETA" and
- (b) you are solely responsible for updating your customers with versions of your Application that operate satisfactorily with the final commercial release of the PRERELEASE CODE.

4. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS. Limitations on Reverse-Engineering, Decompilation, and Disassembly. You may not reverse-engineer, decompile, or disassemble the SOFTWARE PRODUCT, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation. Rental. You may not rent or lease the SOFTWARE PRODUCT. Software Transfer. You may permanently transfer all of your rights under this EULA, provided you retain no copies, you transfer all of the SOFTWARE PRODUCT (including all component parts, the media and printed materials, any upgrades, this EULA, and, if applicable, the Certificate of Authenticity), and the recipient agrees to the terms of this EULA. If the SOFTWARE PRODUCT is an upgrade, any transfer must include all prior versions of the SOFTWARE PRODUCT.

Termination. Without prejudice to any other rights, Microsoft may terminate this EULA if you fail to comply with the terms and conditions of this EULA. In such event, you must destroy all copies of the SOFTWARE PRODUCT and all of its component parts.

Agreement for Microsoft Services

You should read and print in its entirety for your records. BY PURCHASING OR USING THE SERVICES, YOU ACCEPT AND AGREE TO BE BOUND BY THIS AGREEMENT, THE WEB SITE TERMS OF USE AND PRIVACY STATEMENT AND THE POLICIES PROVIDED ON THIS WEB SITE, ALL OF WHICH ARE INCORPORATED INTO AND FORM PART OF THIS AGREEMENT. YOU ALSO REPRESENT THAT YOU HAVE READ AND UNDERSTAND ALL OF THE PROVISIONS OF THIS AGREEMENT. IN THE EVENT OF A CONFLICT BETWEEN THIS AGREEMENT AND YOUR CURRENT SERVICES AGREEMENT WITH MICROSOFT (IF ANY), THE TERMS AND CONDITIONS OF YOUR CURRENT SERVICES AGREEMENT WITH MICROSOFT CONTROLS. IF YOU DO NOT AGREE TO BE BOUND BY THESE TERMS, CONTACT US FOR A REFUND WITHIN 72 HOURS OF PURCHASE AND DO NOT USE THE SERVICES. This Agreement for Microsoft Services (the "agreement") is entered into by and between the entity ordering the services ("you", "your" or "customer") and the closest Microsoft affiliate located in your country or region, unless we designate otherwise in Section 9 below ("we," "us," or "our"). "Affiliate" means any legal entity that you or we own, which owns you or us, or which is under common ownership with you or us. "Ownership" means more than 50% ownership.

Terms and Conditions

1. SERVICES. We agree to use commercially reasonable efforts to provide the services you purchase as described on the services Web site (otherwise known as the "customer services guide"). The Web site URL for the customer services guide is: <http://support.microsoft.com>. If the URL changes for any reason, we will provide the new URL to you upon your request. Your use of the services is governed by this agreement and the customer services guide, which is hereby incorporated by reference into this agreement. In the event of a conflict between this agreement and the customer services guide, this agreement will apply. Our ability to deliver the services depends upon your full and timely cooperation, as well as the accuracy and completeness of any information you provide.

2. OWNERSHIP AND LICENSE.

- a. **Fixes.** We grant you a non-exclusive, perpetual, fully paid up license to use and reproduce the fix we or our designee deliver to you for your internal use only. Fixes are not for resale or distribution to unaffiliated third parties. Except as otherwise provided herein, the license rights granted to fixes are governed by the license agreement for the affected product or, if the fix is not provided for a specific product, any other use terms we provide. Your use of the product is governed by the license agreement for the product. You are responsible for paying any product licensing fees. “Product(s)” means any computer code, web-based services or materials comprising commercially released, pre-release or beta products (whether licensed for a fee or no charge) and any derivatives of the foregoing we or our designee make available to you for license which is published by us, our affiliates or a third-party. “Fixes” means product fixes that we either release generally (such as commercial product service packs) or that we or our designee provide to you when performing services (such as workarounds, patches, hot-fixes, updates, bug fixes, beta fixes and beta builds) and any derivatives of the foregoing. You may not modify, reverse engineer, decompile, disassemble, change the file name of or combine with any non-Microsoft computer code any fixes delivered to you.
- b. **Pre-Existing Work.** All rights in any computer code or non-code based written materials (“materials”) developed or otherwise obtained by or for us or our affiliates, or you or your affiliates independent of this agreement (“pre-existing work”) shall remain the sole property of the party providing the pre-existing work. During the performance of the services, each party grants to the other party (and our contractors as necessary) a temporary, non-exclusive license to use, reproduce and modify any of its pre-existing work provided solely for the performance of services. We grant you a non exclusive, perpetual, fully paid up license to use, reproduce and modify (if applicable) our pre-existing work, excluding products, in the form delivered to you that we leave with you at the conclusion of our performance of services for use with any developments (if applicable). The license rights granted to our pre-existing work are limited to your internal use only and are not for resale or distribution to unaffiliated third-parties
- c. **Developments.** We grant you a non-exclusive, perpetual right to use, reproduce and modify any computer code or materials (except for fixes or pre-existing work) that we leave with you at the conclusion of our performance of the services (“developments”) for your internal business operations only. Developments are not for resale or distribution to unaffiliated third parties.
- d. **Sample Code.** In addition to the rights set out in the Developments section above, you are also granted a non-exclusive, perpetual right to reproduce and distribute the object code form of any computer code, provided by us for the purpose of illustration (“sample code”) provided that you agree: o (i) not to use our name, logo, or trademarks to market your computer product in which the sample code is embedded; o (ii) to include a valid copyright notice on your computer product in which the sample code is embedded; o and (iii) to indemnify, hold harmless, and defend us and our suppliers from and against any claims or lawsuits, including attorneys’ fees, that arise or result from the use or distribution of the sample code.
- e. **Open Source License Restrictions.** Because certain third party license terms require that computer code be generally o (i) disclosed in source code form to third parties; o (ii) licensed to third parties for the purpose of making derivative works; o or (iii) redistributable to third parties at no charge (collectively, “open source license terms”), the license rights that each party has granted to any computer code (or any intellectual property associated therewith) do not include any license, right, power or authority to incorporate, modify, combine and/or distribute that computer code with any other computer code in a manner which would subject the other’s computer code to open source license terms. Furthermore, each party warrants that it will not provide or give to the other party computer code that is governed by open source license terms.

f. Affiliates Rights. You may sublicense the rights contained in this section to your affiliates, but your affiliates may not sub-license these rights and your affiliates' use must be consistent with these license terms contained herein.

g. Reservation of rights. All rights not expressly granted in this section are reserved.

3. CONFIDENTIALITY. The terms and conditions of this agreement are confidential, and any and all information identified by either party as "confidential" and/or "proprietary", or which, under all of the circumstances, ought reasonably to be treated as confidential and/or proprietary ("confidential information"), will not be disclosed by the receiving party to any third person without the express consent of the other party except under the terms of this agreement for five (5) years following the date of its disclosure. These confidentiality obligations shall not apply to any information which,

(i) became known to receiving party from a source other than disclosing party other than by the breach of an obligation of confidentiality owed to disclosing party,

(ii) is, or becomes, available to the general public other than through a breach by the receiving party, or (iii) is developed through the independent efforts of the receiving party. We may use any technical information we derive from providing services related to our products for problem resolution, troubleshooting, product functionality enhancements and fixes, and for our knowledge base. We agree not to identify you or disclose any of your confidential information in any item in the knowledge base.

4. WARRANTIES, DISCLAIMER.

a. NO WARRANTY. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, WE DISCLAIM AND EXCLUDE ALL REPRESENTATIONS, WARRANTIES, AND CONDITIONS WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING BUT NOT LIMITED TO REPRESENTATIONS, WARRANTIES, OR CONDITIONS OF TITLE, NON-INFRINGEMENT, SATISFACTORY CONDITION OR QUALITY, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO ANY SERVICES, OR OTHER MATERIALS OR INFORMATION PROVIDED BY US.

b. Application of local laws. If applicable law gives you any implied terms, despite the exclusions and limitations in this agreement, then to the extent permitted by applicable law, your remedies are limited as determined by us, in the case of services to either (i) re-supply of the services or (ii) the cost of the re-supply of the services (if any), and in the case of goods to either (i) replacement of the goods or (ii) correction of defects in the goods. The order in which these limited remedies are provided will be determined by us.

5. LIMITATION OF LIABILITY, EXCLUSIONS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW:

1) OUR TOTAL LIABILITY IS LIMITED TO THE AMOUNT YOU HAVE PAID FOR THE SERVICES REGARDLESS OF THE REASON FOR YOUR CLAIM;

2) NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR ANY CONSEQUENTIAL, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES LOSS OF PROFITS OR LOSS OF BUSINESS, FOR ANY MATTER RELATED TO THIS AGREEMENT, ANY SERVICES, OR ANY OTHER MATERIALS OR INFORMATION WE PROVIDE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR IF SUCH POSSIBILITY WAS REASONABLY FORESEEABLE, AND

3) IN THE EVENT SERVICES OR ANY SERVICES ARE PROVIDED TO YOU FREE OF CHARGE, OUR TOTAL LIABILITY TO YOU WILL NOT EXCEED US\$5.00 OR ITS EQUIVALENT IN LOCAL CURRENCY. THIS EXCLUSION OF LIABILITY DOES NOT

APPLY TO EITHER PARTY'S LIABILITY TO THE OTHER FOR VIOLATION OF ITS CONFIDENTIALITY OBLIGATION, THE OTHER PARTY'S INTELLECTUAL PROPERTY RIGHTS, OR IN THE EVENT OF FRAUD, GROSS NEGLIGENCE OR INTENTIONAL MISCONDUCT OR FOR DEATH OR PERSONAL INJURY CAUSED BY THAT PARTY'S NEGLIGENCE. BECAUSE SOME STATES AND JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY.

6. TAXES. The amounts to be paid to us under this agreement do not include any foreign, U.S. federal, state, provincial, local, municipal or other governmental taxes (including without limitation any applicable value added, or sales or use taxes) that are owed by you solely as a result of entering into this agreement. We are not liable for any taxes that you are legally obligated to pay. All such taxes (including but not limited to net income or gross receipts taxes, franchise taxes, and/or property taxes) shall be your financial responsibility.

7. TERMINATION. Either party may terminate this agreement if the other party is

(i) in material breach or default of any obligation that is not cured within 30 calendar days notice of such breach or

(ii) fails to pay any invoice that is more than 60 calendar days outstanding. You agree to pay all fees for services performed and expenses incurred.

8. MISCELLANEOUS. This agreement constitutes the parties' entire agreement concerning the subject matter hereof, and supersedes any other prior and contemporaneous communications. All notices, authorizations, and requests given or made in connection with this agreement must be sent by post, express courier, or facsimile to the addresses indicated by both parties. Notices will be deemed delivered on the date shown on the postal return receipt or on the courier, or facsimile confirmation of delivery. You may not assign this agreement without our written consent, which consent will not be unreasonably withheld. You and we agree to comply with all international and national laws that apply to this agreement. This agreement is governed by the laws of the State of Washington if the services were purchased in the United States, the laws of Ireland if purchased in any country or region in Europe, Middle East or Africa ("EMEA"), or the laws of the jurisdiction where the affiliate delivering the services is located if purchased outside the United States or EMEA. Any action brought under this agreement shall be brought in federal or state court in the State of Washington if the services were purchased in the United States, the courts of Ireland if the services were purchased in any country or region in EMEA, or the courts of the jurisdiction where the affiliate delivering the services is located if purchased outside the United States or EMEA. Notwithstanding, this does not prevent either party from seeking injunctive relief with respect to a violation of intellectual property rights or confidentiality obligations in any appropriate jurisdiction. The sections regarding restrictions on use, fees, confidentiality, ownership and license, no other warranties, limitations of liability, termination, and miscellaneous of this agreement, will survive any termination or expiration of this agreement. If a court holds any provision of this agreement to be illegal, invalid or unenforceable, the remaining provisions will remain in full force and effect and the parties will amend the agreement to give effect to the stricken clause to the maximum extent possible. No waiver of any breach of this agreement will be a waiver of any other breach, and no waiver will be effective unless made in writing and signed by an authorized representative of the waiving party. Apart from the payment of any amounts due, neither party shall be liable for performance delays or for non performance due to causes beyond its reasonable control. It is the express wish of the parties that this agreement be drawn up in English. C'est la volonté expresse des parties que la présente convention ainsi que les documents qui s'y rattachent soient rédigés en anglais.

9. MICROSOFT CONTRACTING ENTITY. The Microsoft contracting entity for this agreement is Microsoft Regional Sales Corporation if you are located in the following countries: Australia, Bangladesh, Hong Kong, India, Indonesia, Korea, Malaysia, New Zealand, Philippines, Singapore, Sri-Lanka, Taiwan, Thailand, and Vietnam. An amendment or addendum to this EULA may accompany the Software. **YOU AGREE**

TO BE BOUND BY THE TERMS OF THIS EULA BY INSTALLING, COPYING, OR OTHERWISE USING THE SOFTWARE. IF YOU DO NOT AGREE, DO NOT INSTALL, COPY, OR USE THE SOFTWARE.

1. GRANT OF LICENSE. Microsoft grants you the following rights provided that you comply with all terms and conditions of this EULA:

1.1 General License Grant. Microsoft grants to you a limited, nontransferable, nonexclusive, royalty-free license to make and use a reasonable number of copies of the Software on computers located on your premises for the purposes of designing, developing, and testing your software product(s) that interoperate with Microsoft's Virtual Disk Service.

1.2 Storage/Network Use. You may also store or install a copy of the Software on a storage device, such as a network server, used only to install or run the Software on computers located on your premises.

2. ADDITIONAL LICENSE RIGHTS -- REDISTRIBUTABLE CODE. In addition to the rights granted in Section 1, certain portions of the Software, as described in this Section 2, are provided to you with additional license rights. These additional license rights are conditioned upon your compliance with the distribution requirements and license restrictions described in Section 3.

2.1 **Sample Code.** Microsoft grants you a limited, nontransferable, nonexclusive, royalty-free right to: (a) use and modify the source code version of those portions of the Software identified as "Code" in the Software ("Sample Code") for the sole purposes of designing, developing, and testing your software product(s), and (b) reproduce and distribute the Sample Code, along with any modifications thereof, in object code form. For applicable redistribution requirements for Sample Code, see Section 3.1 below.

3. LICENSE RESTRICTIONS -- DISTRIBUTION REQUIREMENTS. If you choose to exercise your rights under Section 2, any redistribution by you is subject to your compliance with the following terms.

3.1 If you are authorized and choose to redistribute Sample Code as described in Section 2, you agree:

(i) to distribute the Sample Code only in object code form and in conjunction with and as a part of a software application product developed by you that adds significant and primary functionality to the Sample Code ("Licensee Software");

(ii) that the Licensee Software only interoperates with Microsoft's Virtual Disk Service (or successors thereto) in conjunction with Microsoft Windows Server 2003 and successors thereto;

(iii) to distribute the Licensee Software containing the Sample Code pursuant to an end user license agreement (which may be "break-the-seal", "click-wrap" or signed), with terms no less protective than those contained in this EULA;

An "Excluded License" is any license that requires as a condition of use, modification and/or distribution of software subject to the Excluded License, that such software or other software combined and/or distributed with such software be

IMPORTANT - READ CAREFULLY: This End-User License Agreement ("EULA") is a legal agreement between you (either an individual or a single entity) and Microsoft Corporation ("Microsoft") for the Microsoft software that accompanies this EULA, which includes computer software and may include associated media, printed materials, "online" or electronic documentation, and Internet-based services ("Software"). An amendment or addendum to this EULA may accompany the Software. **YOU AGREE TO BE BOUND BY THE TERMS OF THIS EULA BY INSTALLING, COPYING, OR OTHERWISE USING THE SOFTWARE. IF YOU DO NOT AGREE, DO NOT INSTALL, COPY, OR USE THE SOFTWARE; YOU MAY RETURN IT TO YOUR PLACE OF PURCHASE (IF APPLICABLE) FOR A FULL REFUND.**

MICROSOFT Software LICENSE

GRANTS OF LICENSE. Microsoft grants you the rights described in this EULA provided that you comply with all terms and conditions of this EULA. **NOTE:** Microsoft is not licensing to you any rights with respect to Crystal Reports for Microsoft Visual Studio .NET; your use of Crystal Reports for Microsoft Visual Studio .NET is subject to your acceptance of the terms and conditions of the enclosed (hard copy) end user license agreement from Crystal Decisions for that product.

1.1 General License Grant. Microsoft grants to you as an individual, a personal, nonexclusive license to use the Software, and to make and use copies of the Software for the purposes of designing, developing, testing, and demonstrating your software product(s), provided that you are the only individual using the Software. If you are an entity, Microsoft grants to you a personal, nonexclusive license to use the Software, and to make and use copies of the Software, provided that for each individual using the Software within your organization, you have acquired a separate and valid license for each such individual.

1.2 Documentation. You may make and use an unlimited number of copies of any documentation, provided that such copies shall be used only for personal purposes and are not to be republished or distributed (either in hard copy or electronic form) beyond your premises.

1.3 Web Stress Functionality/ACT Tool. If included with the edition of the Software you have acquired with this EULA, then as provided in the corresponding Software documentation, you have the ability to use the component of the Software identified as the Application Center Test ("ACT Tool") to perform stress tests against websites in its default mode (which is to honor any "robots.txt" files it may encounter) or to set the ACT Tool to not honor any "robots.txt" files it may encounter when performing its stress tests. The use of the ACT Tool by you in the non-default mode is entirely your responsibility and at your sole risk. Before you use the ACT Tool with any third party property, you should consult with such third party or the agreement governing the use of such property to determine whether or not such use is permitted.

1.4 Storage/Network Use. You may also store or install a copy of the Software on a storage device, such as a network server, used only to install or run the Software on computers used by licensed end users in accordance with Section 1.1. A single license for the Software may not be shared or used concurrently by multiple end users.

1.5 Visual Studio - Effect of EULA. As a suite of development tools and other Microsoft software programs (each such tool or software program, a "Component"), Components that you receive as part of the Software (including Microsoft server software or other development tools) may include a separate end-user license agreement (each, a "Component EULA"). Except as provided in Section 6 ("Prerelease Code"), in the event of inconsistencies between this EULA and any Component EULA, the terms of this EULA shall control. The Software may also contain third-party software programs. Any such software is provided for your use as a convenience and your use is subject to the terms and conditions of any license agreement contained in that software.

ADDITIONAL LICENSE RIGHTS -- REDISTRIBUTABLE CODE. In addition to the rights granted in Section 1, certain portions of the Software, as described in this Section 2, are provided to you with additional license rights. These additional license rights are conditioned upon your compliance with the distribution requirements and license limitations described in Section 3.

2.1 Sample Code. Microsoft grants you a limited, nonexclusive, royalty-free license to: (a) use and modify the source code version of those portions of the Software identified as "Samples" in REDIST.TXT or elsewhere in the Software ("Sample Code") for the sole purposes of designing, developing, and testing your software product(s), and (b) reproduce and distribute the Sample Code, along with any modifications thereof, in object and/or source code form. For applicable redistribution requirements for Sample Code, see Section 3.1 below.

2.2 Redistributable Code - General. Microsoft grants you a limited, nonexclusive, royalty-free license to reproduce and distribute the object code form of any portion of the Software listed in REDIST.TXT ("Redistributable Code"). For general redistribution requirements for Redistributable Code, see Section 3.1 below.

2.3 Redistributable Code - Microsoft Merge Modules ("MSM"). Microsoft grants you a limited, nonexclusive, royalty-free license to reproduce and distribute the content of MSM file(s) listed in REDIST.TXT in the manner described in the Software documentation only so long as you redistribute such content in its entirety and do not modify such content in any way. For all other applicable redistribution requirements for MSM files, see Section 3.1 below.

2.4 Redistributable Code - Microsoft Foundation Classes (MFC), Active Template Libraries (ATL), and C runtimes (CRTs). In addition to the rights granted in Section 1, Microsoft grants you a license to use and modify the source code version of those portions of the Software that are identified as MFC, ATL, or CRTs (collectively, the "VC Redistributables"), for the sole purposes of designing, developing, and testing your software product(s). Provided you comply with Section 3.1 and you rename any files created by you that are included in the Licensee Software (defined below), Microsoft grants you a limited, nonexclusive, royalty-free license to reproduce and distribute the object code version of the VC Redistributables, including any modifications you make. For purposes of this section, "modifications" shall mean enhancements to the functionality of the VC Redistributables. For all other applicable redistribution requirements for VC Redistributables, see Section 3.1 below.

DISTRIBUTION REQUIREMENTS AND OTHER LICENSE RIGHTS AND LIMITATIONS. If you choose to exercise your rights under Section 2, any redistribution by you is subject to your compliance with Section 3.1; some of the Redistributable Code has additional limited use rights described in Section 3.2.

3.1 General Distribution Requirements.

If you choose to redistribute Sample Code, Redistributable Code, or "Server Redistributable Code" portions of the SDK Software (as defined in Section 4.2(b)) (collectively, the "Redistributables") as described in Section 2, you agree:

except as otherwise noted in Section 2.1 (Sample Code), to distribute the Redistributables only in object code form and in conjunction with and as a part of a software application product developed by you that adds significant and primary functionality to the Redistributables ("Licensee Software");

that the Redistributables only operate in conjunction with Microsoft Windows platforms;

that if the Licensee Software is distributed beyond Licensee's premises or externally from Licensee's organization, to distribute the Licensee Software containing the Redistributables pursuant to an end user license agreement (which may be "break-the-seal", "click-wrap" or signed), with terms no less protective than those contained in this EULA; not to use Microsoft's name, logo, or trademarks to market the Licensee Software; to display your own valid copyright notice which shall be sufficient to protect Microsoft's copyright in the Software; not to remove or obscure any copyright, trademark or patent notices that appear on the Software as delivered to you; to indemnify, hold harmless, and defend Microsoft from and against any claims or lawsuits, including attorney's fees, that arise or result from the use or distribution of the Licensee Software; to otherwise comply with the terms of this EULA; and agree that Microsoft reserves all rights not expressly granted. You also agree not to permit further distribution of the Redistributables by your end users except you may permit further redistribution of the Redistributables by your distributors to your end-user customers if your distributors only distribute the Redistributables in conjunction with and as part of the Licensee Software, you comply with all other terms of this EULA, and your distributors comply with all restrictions of this EULA that are applicable to you.

If you use the Redistributables, or any portion thereof (referred to in this paragraph as the "Licensed Software"), then in addition to your compliance with the applicable distribution requirements described for the Licensed Software, the following also applies. Your license rights to the Redistributables are conditioned upon your not creating derivative works of the Redistributables in any manner that would cause the Redistributables in whole or in part to become subject to any of the terms of an Excluded License; or distributing the Redistributables (or derivative works thereof) in any manner that would cause the Redistributables to become subject to any of the terms of an Excluded License. An "Excluded License" is any license that requires as a condition of use, modification and/or distribution of software subject to the Excluded License, that such software or other software combined and/or distributed with such software be disclosed or distributed in source code form; licensed for the purpose of making derivative works; or Redistributable at no charge.

3.2 Additional Distribution Requirements for Certain Redistributable Code. If you choose to redistribute the files discussed in this Section, then in addition to the terms of Section 3.1, you must ALSO comply with the following. Microsoft SQL Server Desktop Engine ("MSDE"). If you redistribute MSDE you agree to comply with the following additional requirements: Licensee Software shall not substantially duplicate the capabilities of Microsoft Access or, in the reasonable opinion of Microsoft, compete with same; and unless Licensee Software requires your customers to license Microsoft Access in order to operate, you shall not reproduce or use MSDE for commercial distribution in conjunction with a general purpose word processing, spreadsheet or database management software product, or an integrated work or product suite whose components include a general purpose word processing, spreadsheet, or database management software product except for the exclusive use of importing data to the various formats supported by Microsoft Access. A product that includes limited word processing, spreadsheet or database components along with other components which provide significant and primary value, such as an accounting product with limited spreadsheet capability, is not considered to be a "general purpose" product.

Microsoft Data Access Components. If you redistribute the Microsoft Data Access Component file identified as MDAC_TYP.EXE, you also agree to redistribute such file in object code only in conjunction with and as a part of a Licensee Software developed by you with a Microsoft development tool product that adds significant and primary functionality to MDAC_TYP.EXE.

MICROSOFT SERVER COMPONENTS FOR DEVELOPMENT USE. The Software may include certain of Microsoft Server software (collectively, the "Server Components"), provided for your use solely in conjunction with the design, development, testing, and demonstration of software products created by you; the Server Components may not be used in a production environment. Your use of the Server Components is subject to the terms and conditions of this EULA, the terms of which supercede those of any end user license agreements contained in the Server Components. Notwithstanding any other provision in this EULA, this EULA does not grant a license, under any Microsoft intellectual property, to implement any functionality contained in the Server Software (including without limitation communication protocols used by the Server Software) in any software installed on a Device accessing or utilizing the Server Software.

4.1 Installation and Grant of License. The Server Components consist of software programs that provide services or functionality on your server ("Server Software"; your computers capable of running the Server Software are "Servers") and software programs that allow a single personal computer, workstation, terminal, handheld computer, pager, telephone, personal digital assistant, or other electronic device ("Device") to access or use the Server Software.

Server Software. Solely for purposes of designing, developing, testing, and demonstrating your software product(s), you may make, use and install the Server Software for any individual Server Component on any number of Servers. All portions of any one Server Component, however, may only be installed and used on one and the same Server. Processor Limits. The Server Software for may be used by no more than four (4) processors of the Server at

Device Software. You may make, use and install the Device Software on any number of Devices for use by others, provided that such use is solely in conjunction with the design, development and testing of software programs created by you that operate in conjunction with the Server Software.

4.2 Other Rights and Restrictions Regarding Use of Windows Server 2003. The following provisions apply solely to your use of the Windows Server 2003 software provided with the Software.

Mandatory Activation. To reduce software piracy, Microsoft requires the Server Software to be activated. Microsoft will not collect any personally identifiable information from your Server during the activation process without your consent. Activation of your copy of the Server Software in the manner described during its setup sequence is required; otherwise, the license rights granted under this EULA are limited to the first thirty (30) days after you first install the Server Software. You may activate the Server Software through the use of the Internet or telephone; toll charges may apply. You may also need to reactivate the Server Software if you modify your computer hardware or alter the Software. If you choose Internet activation, the Server Software will contact Microsoft computer systems over the Internet to conduct an authentication process to confirm that you have a licensed copy of the Software. You agree to allow the Server Software to conduct this authentication process. If you have an unlicensed copy of the Server Software, you are not allowed to install the Server Software or future Server Software updates. Additional information about activation is available online at the Microsoft support site.

Other Licenses. Your use of software applications installed on the Server, accessed through the Server, or providing application-sharing functionality may require additional licenses. Please consult the license agreement accompanying such software.

Component Data Storage. The Server Software contains components that use the MSDE data storage technology. All copies and instances of MSDE contained in or installed by the Server Software components may be used only by those Server Software components. Any such copy or instance of MSDE contained in the Server Software may not be accessed or used for any other purpose, i.e., the Server Software version of MSDE may not be used for development purposes. In addition, any MSDE network library files that are disabled at the time you first install the Server Software may not be re-enabled.

Automatic Internet-Based Services. The Server Software features described below are enabled by default to connect via the Internet to Microsoft computer systems automatically, without separate notice to you. You consent to the operation of these features, unless you choose to switch them off or not use them. Microsoft does not obtain personally identifiable information through any of these features. For more information about these features, please see your Server Software documentation or the Microsoft online support site.

Windows Update Features. Under the Server Software's default configuration, if you connect a device to your Server and the correct device driver is not available on your Server, then Windows Update features on your Server (including Device Manager and the Plug & Play CDM Module) automatically attempt to check Microsoft computer systems via the Internet for the correct device driver. Having this happen automatically makes Plug-and-Play installation of new hardware a better experience for customers. You may switch off Windows Update's automatic driver checking feature.

Web Content Features. Under the Server Software's default configuration, if you are connected to the Internet, several features of the Server Software are enabled by default to retrieve content from Microsoft computer systems and display it to you. When you activate such a feature, it uses standard Internet protocols, which transmit the type of operating system, browser and language code of your Server to the Microsoft computer system so that the content can be viewed properly from your Server. These features only operate when you activate them, and you may choose to switch them off or not use them. Examples of these features include Windows Catalog, Search Assistant, and the Headlines and Search features of Help and Support Center.

Digital Certificates. Use of certificates based on the X.509 standard is an important security feature of the Server Software. Certain functions of the X.509 implementation (for example, certificate revocation checking and certificate path building) connect via the Internet to computer systems belonging to Microsoft and other digital certificate authorities to check the validity of digital certificates that you receive from third parties during certain Internet-based operations (for example, communications secured with SSL or IPsec, mail secured with S/MIME, and smartcard authentication). In accordance with the X.509 standard, the Server Software automatically retrieves user certificates and certificate revocation lists when you attempt to access certificate protected content. Additionally, the Server Software's Auto Root Update feature will occasionally update the list of trusted certificate authorities. Auto Root Update is an optional feature; you can uninstall it if you do not desire it to function. The other security operations based on the X.509 standard can be prevented from operating by blocking Server Internet access.

Windows Media Digital Rights Management. Content providers are using the digital rights management technology for Windows Media contained in this Server Software ("WM-DRM") to protect the integrity of their content ("Secure Content") so that their intellectual property, including copyright, in such content is not misappropriated. Portions of this Server Software and third party applications such as media players use WM-DRM to play Secure Content ("WM-DRM Software"). If the WM-DRM Software's security has been compromised, owners of Secure Content ("Secure Content Owners") may request that Microsoft revoke the WM-DRM Software's right to copy, display and/or play Secure Content. Revocation does not alter the WM-DRM Software's ability to play unprotected content. A list of revoked WM-DRM Software is sent to your computer whenever you download a license for Secure Content from the Internet. Microsoft may, in conjunction with such license, also

download revocation lists onto your computer on behalf of Secure Content Owners. Secure Content Owners may also require you to upgrade some of the WM-DRM components in this Server Software ("WM-DRM Upgrades") before accessing their content. When you attempt to play such content, WM-DRM Software built by Microsoft will notify you that a WM-DRM Upgrade is required and then ask for your consent before the WM-DRM Upgrade is downloaded. WM-DRM Software built by third parties may do the same. If you decline the upgrade, you will not be able to access content that requires the WM-DRM Upgrade; however, you will still be able to access unprotected content and Secure Content that does not require the upgrade. WM-DRM features that access the Internet, such as acquiring new licenses and/or performing a required WM-DRM Upgrade, can be switched off. When these features are switched off, you will still be able to play Secure Content if you have a valid license for such content already stored on your computer.

Windows Media Player. Some features of Windows Media Player automatically contact Microsoft computer systems if you use Windows Media Player or specific features of it: features that (A) check for new codecs if your Server does not have the correct ones for content you attempt to play (this feature may be switched off), and (B) check for new versions of Windows Media Player (this feature will operate only when you are using Windows Media Player).

Notice Regarding MPEG-4 Visual Decoders for Windows Media Player. USE OF THIS PRODUCT IN ANY MANNER THAT COMPLIES WITH THE MPEG-4 VISUAL STANDARD IS PROHIBITED, EXCEPT FOR USE DIRECTLY RELATED TO (A) DATA OR INFORMATION (i) GENERATED BY AND OBTAINED WITHOUT CHARGE FROM A CONSUMER NOT THEREBY ENGAGED IN A BUSINESS ENTERPRISE, AND (ii) FOR PERSONAL USE ONLY; AND (B) OTHER USES SPECIFICALLY AND SEPARATELY LICENSED BY MPEG LA, L.L.C. MPEG LA, L.L.C., has contractually obligated Microsoft to provide this notice.

4.3 Use of Redistributable Software ("SDK Software"). If included as part of a Server Component, you may install and use copies of the SDK Software on one or more computers located at your premises solely for the purpose of building applications that work in conjunction with the Server Software that accompanies the corresponding SDK Software ("Applications"). You may modify the Sample Code (identified in the "samples" directories) to design, develop, and test your Applications, and may reproduce and use the Sample Code, as modified, on one or more computers located at your premises. Provided that you comply with the terms of Section 3.1 above, Microsoft grants you a limited, nonexclusive, royalty-free right to reproduce and distribute the Sample Code, along with any modifications you make thereto (for purposes of this section, "modifications" shall mean enhancements to the functionality of the Sample Code), and any other files that may be listed and identified in a REDIST.TXT file as "redistributable" (collectively, the "Server Redistributable Code").

DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS

PRERELEASE CODE. Portions of the Software may be identified as prerelease code ("Prerelease Code"). Such Prerelease Code is not at the level of performance and compatibility of the final, generally available product offering. The Prerelease Code may not operate correctly and may be substantially modified prior to first commercial shipment. Microsoft is not obligated to make this or any later version of the Prerelease Code commercially available. The grant of license to use Prerelease Code expires upon availability of a commercial release of the Prerelease Code from Microsoft. NOTE:

In the event that Prerelease Code contains a separate end-user license agreement, the terms and conditions of such end-user license agreement shall govern your use of the corresponding Prerelease Code.

The third party sites are not under the control of Microsoft, and Microsoft is not responsible for the contents of any third party sites, any links contained in third party sites, or any changes or updates to third party sites. Microsoft is not responsible for webcasting or any other form of transmission received from any third party sites. Microsoft is providing these links to third party sites to you only as a convenience, and the inclusion of any link does not imply an endorsement by Microsoft of the third party site.

ADDITIONAL SOFTWARE/SERVICES. This EULA applies to updates, supplements, add-on components, or Internet-based services components, of the Software that Microsoft may provide to you or make available to you after the date you obtain your initial copy of the Software, unless we provide other terms along with the update, supplement, add-on component, or Internet-based services component. Microsoft reserves the right to discontinue any Internet-based services provided to you or made available to you through the use of the Software.

UPGRADES/DOWNGRADES

13.1 Upgrades. To use a version of the Software identified as an upgrade, you must first be licensed for the software identified by Microsoft as eligible for the upgrade. After upgrading, you may no longer use the software that formed the basis for your upgrade eligibility.

13.2 Downgrades. Instead of installing and using the Software, you may install and use copies of an earlier version of the Software, provided that you completely remove such earlier version and install the current version of the Software within a reasonable time. Your use of such earlier version shall be governed by this EULA, and your rights to use such earlier version shall terminate when you install the Software

13.3 Special Terms for Version 2003 Upgrade Editions of the Software. If the Software accompanying this EULA is the version 2003 edition of the Software and you have acquired it as an upgrade from the corresponding "2002" edition of the Microsoft software product with the same product name as the Software (the "Qualifying Software"), then Section 13.1 does not apply to you. For additional information see {<http://www.microsoft.com/exporting/>}.

SOFTWARE TRANSFER. The initial user of the Software may make a one-time permanent transfer of this EULA and Software to another end user, provided the initial user retains no copies of the Software. This transfer must include all of the Software (including all component parts, the media and printed materials, any upgrades (including any Qualifying Software as defined in Section 13.3), this EULA, and, if applicable, the Certificate of Authenticity). The transfer may not be an indirect transfer, such as a consignment. Prior to the transfer, the end user receiving the Software must agree to all the EULA terms.

TERMINATION. Without prejudice to any other rights, Microsoft may terminate this EULA if you fail to comply with the terms and conditions of this EULA. In such event, you must destroy all copies of the Software and all of its component parts.

AS TO ANY DEFECTS DISCOVERED AFTER THE NINETY-DAY PERIOD, THERE IS NO WARRANTY OR CONDITION OF ANY KIND. You will receive the remedy elected by Microsoft without charge, except that you are responsible for any expenses you may incur (e.g. cost of shipping the Software to Microsoft). This Limited Warranty is void if failure of the Software has resulted from accident, abuse, misapplication, abnormal use or a virus. Any replacement Software will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer, and Microsoft will use commercially reasonable efforts to provide your remedy within a commercially reasonable time of your compliance with Microsoft's warranty remedy procedures. Outside the United States or Canada, neither these remedies nor any product support services offered by Microsoft are available without proof of purchase from an authorized international source. Statutory rights not affected - The following guarantee is not restricted to any territory and does not affect any statutory rights that you may have from your reseller or from Microsoft if you acquired the Software directly from Microsoft. If you acquired the Software or any support services in Australia, New Zealand or Malaysia, please see the "Consumer rights" section below.

The guarantee - The Software is designed and offered as a general-purpose software, not for any user's particular purpose. You accept that no Software is error free and you are strongly advised to back-up your files regularly. Provided that you have a valid license, Microsoft guarantees that a) for a period of 90 days from the date of receipt of your license to use the Software or the shortest period permitted by applicable law it will perform substantially in accordance with the written materials that accompany the Software; and b) any support services provided by Microsoft shall be substantially as described in applicable written materials provided to you by Microsoft and Microsoft support engineers will use reasonable efforts, care and skill to solve any problem issues. In the event that the Software fails to comply with this guarantee, Microsoft will either (a) repair or replace the Software or (b) return the price you paid. This guarantee is void if failure of the Software results from accident, abuse or

These limitations do not apply to any liabilities that cannot be excluded or limited by applicable laws.

Version 1.1

1. Definitions.

1.1 "Commercial Use" means distribution or otherwise making the Covered Code available to a third party.

1.2 "Contributor" means each entity that creates or contributes to the creation of Modifications.

1.3 "Contributor Version" means the combination of the Original Code, prior Modifications used by a Contributor, and the Modifications made by that particular Contributor.

1.4 "Covered Code" means the Original Code or Modifications or the combination of the Original Code and Modifications, in each case including portions thereof.

1.5 "Electronic Distribution Mechanism" means a mechanism generally accepted in the software development community for the electronic transfer of data.

1.6 "Executable" means Covered Code in any form other than Source Code.

1.7 "Initial Developer" means the individual or entity identified as the Initial Developer in the Source Code notice required by Exhibit A.

1.8 "Larger Work" means a work which combines Covered Code or portions thereof with code not governed by the terms of this License.

1.9 "License" means this document.

1.10 "Licensable" means having the right to grant, to the maximum extent possible, whether at the time of the initial grant or subsequently acquired, any and all of the rights conveyed herein.

1.11 "Modifications" means any addition to or deletion from the substance or structure of either the Original Code or any previous Modifications. When Covered Code is released as a series of files, a Modification is:

A. Any addition to or deletion from the contents of a file containing Original Code or previous Modifications.

B. Any new file that contains any part of the Original Code or previous Modifications.

1.12 "Original Code" means Source Code of computer software code which is described in the Source Code notice required by Exhibit A as Original Code, and which, at the time of its release under this License is not already Covered Code governed by this License.

1.13 "Patent Claims" means any patent claim(s), now owned or hereafter acquired, including without limitation, method, process, and apparatus claims, in any patent Licensable by grantor.

1.14 "Source Code" means the preferred form of the Covered Code for making modifications to it, including all modules it contains, plus any associated interface definition files, scripts used to control compilation and installation of an Executable, or source code differential comparisons against either the Original Code or another well known, available Covered Code of the Contributor's choice. The Source Code can be in a compressed or archival form, provided the appropriate decompression or de-archiving software is widely available for no charge.

1.15 "You" (or "Your") means an individual or a legal entity exercising rights under, and complying with all of the terms of, this License or a future version of this License issued under Section 6.1. For legal entities, "You" includes any entity which controls, is controlled by, or is under common control with You. For purposes of this definition, "control" means (a) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (b) ownership of more than fifty percent (50%) of the outstanding shares or beneficial ownership of such entity

2. Source Code License.

2.1 The Initial Developer Grant. The Initial Developer hereby grants You a world-wide, royalty-free, non-exclusive license, subject to third party intellectual property claims:

(a) under intellectual property rights (other than patent or trademark) Licensable by Initial Developer to use, reproduce, modify, display, perform, sublicense and distribute the Original Code (or portions thereof) with or without Modifications, and/or as part of a Larger Work; and

(b) under Patents Claims infringed by the making, using or selling of Original Code, to make, have made, use, practice, sell, and offer for sale, and/or otherwise dispose of the Original Code (or portions thereof).

(c) the licenses granted in this Section 2.1(a) and (b) are effective on the date Initial Developer first distributes Original Code under the terms of this License.

(d) Notwithstanding Section 2.1(b) above, no patent license is granted: 1) for code that You delete from the Original Code; 2) separate from the Original Code; or 3) for infringements caused by: i) the modification of the Original Code or ii) the combination of the Original Code with other software or devices.

2.2 Contributor Grant. Subject to third party intellectual property claims, each Contributor hereby grants You a world-wide, royalty-free, non-exclusive license

(a) under intellectual property rights (other than patent or trademark) Licensable by Contributor, to use, reproduce, modify, display, perform, sublicense and distribute the Modifications created by such Contributor (or portions thereof) either on an unmodified basis, with other Modifications, as Covered Code and/or as part of a Larger Work; and

(b) under Patent Claims infringed by the making, using, or selling of Modifications made by that Contributor either alone and/or in combination with its Contributor Version (or portions of such combination), to make, use, sell, offer for sale, have made, and/or otherwise dispose of: 1) Modifications made by that Contributor (or portions thereof); and 2) the combination of Modifications made by that Contributor with its Contributor Version (or portions of such combination).

(c) the licenses granted in Sections 2.2(a) and 2.2(b) are effective on the date Contributor first makes Commercial Use of the Covered Code.

(d) Notwithstanding Section 2.2(b) above, no patent license is granted: 1) for any code that Contributor has deleted from the Contributor Version; 2) separate from the Contributor Version; 3) for infringements caused by: i) third party modifications of Contributor Version or ii) the combination of Modifications made by that Contributor with other software (except as part of the Contributor Version) or other devices; or 4) under Patent Claims infringed by Covered Code in the absence of Modifications made by that Contributor.

3. Distribution Obligations.

3.1 Application of License. The Modifications which You create or to which You contribute are governed by the terms of this License, including without limitation Section 2.2. The Source Code version of Covered Code may be distributed only under the terms of this License or a future version of this License released under Section 6.1, and You must include a copy of this License with every copy of the Source Code You distribute. You may not offer or impose any terms on any Source Code version that alters or restricts the applicable version of this License or the recipients' rights hereunder. However, You may include an additional document offering the additional rights described in Section 3.5.

3.2 Availability of Source Code. Any Modification which You create or to which You contribute must be made available in Source Code form under the terms of this License either on the same media as an Executable version or via an accepted Electronic Distribution Mechanism to anyone to whom you made an Executable version available; and if made available via Electronic Distribution Mechanism, must remain available for at least twelve (12) months after the date it initially became available, or at

least six (6) months after a subsequent version of that particular Modification has been made available to such recipients. You are responsible for ensuring that the Source Code version remains available even if the Electronic Distribution Mechanism is maintained by a third party.

3.3 Description of Modifications. You must cause all Covered Code to which You contribute to contain a file documenting the changes You made to create that Covered Code and the date of any change. You must include a prominent statement that the Modification is derived, directly or indirectly, from Original Code provided by the Initial Developer and including the name of the Initial Developer in (a) the Source Code, and (b) in any notice in an Executable version or related documentation in which You describe the origin or ownership of the Covered Code.

3.4 Intellectual Property Matters.

(a) **Third Party Claims.** If Contributor has actual knowledge that a license under a third party's intellectual property rights is required to exercise the rights granted by such Contributor under Sections 2.1 or 2.2, Contributor must include a text file with the Source Code distribution titled "LEGAL" which describes the claim and the party making the claim in sufficient detail that a recipient will know whom to contact. If Contributor obtains such knowledge after the Modification is made available as described in Section 3.2, Contributor shall promptly modify the LEGAL file in all copies Contributor makes available thereafter.

(b) **Contributor API's.** If Contributor's Modifications include an application programming interface and Contributor has actual knowledge of patent licenses which are reasonably necessary to implement that API, Contributor must also include this information in the LEGAL file.

(c) **Representations.** Contributor represents that, except as disclosed pursuant to Section 3.4(a) above, Contributor believes that Contributor's Modifications are Contributor's original creation(s) and/or Contributor has sufficient rights to grant the rights conveyed by this License.

3.5 Required Notices. You must duplicate the notice in **Exhibit A** in each file of the Source Code. If it is not possible to put such notice in a particular Source Code file due to its structure, then You must include such notice in a location (such as a relevant directory) where a user would be most likely to look for such a notice. If You created one or more Modification(s) You may add your name as a Contributor to the notice described in **Exhibit A**. You must also duplicate this License in any documentation for the Source Code where You describe recipients' rights or ownership rights relating to Covered Code. You may choose to offer, and to charge a fee for, warranty, support, indemnity or liability obligations to one or more recipients of Covered Code. However, You may do so only on Your own behalf, and not on behalf of the Initial Developer or any Contributor. You must make it absolutely clear that any such warranty, support, indemnity or liability obligation is offered by You alone, and You hereby agree to indemnify the Initial Developer and every Contributor for any liability (excluding any liability arising from intellectual property claims relating to the Covered Code) incurred by the Initial Developer or such Contributor as a result of warranty, support, indemnity or liability terms You offer.

3.6 Distribution of Executable Versions. You may distribute Covered Code in Executable form only if the requirements of Section **3.1-3.5** have been met for that Covered Code, and if You include a notice stating that the Source Code version of the Covered Code is available under the terms of this License, including a description of how and where You have fulfilled the obligation of Section **3.2**. The notice must be conspicuously included in any notice in an Executable version, related documentation or collateral in which You describe recipients' rights relating to the Covered Code. You may distribute the Executable version of Covered Code or ownership rights under a license of Your choice, which may contain terms different from this License, provided that You are in compliance with the terms of this License and that the license for the Executable version does not attempt to limit or alter the recipient's rights in the Source Code version from the rights set forth in this License. If You distribute the Executable version under a different license You must make it absolutely clear that any terms which

differ from this License are offered by You alone, not by the Initial Developer or any Contributor. You hereby agree to indemnify the Initial Developer and every Contributor for any liability (excluding any liability arising from intellectual property claims relating to the Covered Code) incurred by the Initial Developer or such Contributor as a result of any such terms You offer.

3.7 Larger Works. You may create a Larger Work by combining Covered Code with other code not governed by the terms of this License and distribute the Larger Work as a single product. In such a case, You must make sure the requirements of this License are fulfilled for the Covered Code.

4. Inability to Comply Due to Statute or Regulation. If it is impossible for You to comply with any of the terms of this License with respect to some or all of the Covered Code due to statute, judicial order, or regulation then You must: (a) comply with the terms of this License to the maximum extent possible; and (b) describe the limitations and the code they affect. Such description must be included in the LEGAL file described in Section 3.4 and must be included with all distributions of the Source Code. Except to the extent prohibited by statute or regulation, such description must be sufficiently detailed for a recipient of ordinary skill to be able to understand it.

5. Application of this License. This License applies to code to which the Initial Developer has attached the notice in Exhibit A and to related Covered Code.

6. Versions of the License.

6.1 New Versions. The Storage Networking Industry Association (the "SNIA") may publish revised and/or new versions of the License from time to time. Each version will be given a distinguishing version number.

6.2 Effect of New Versions. Once Covered Code has been published under a particular version of the License, You may always continue to use it under the terms of that version. You may also choose to use such Covered Code under the terms of any subsequent version of the License published by the SNIA. No one other than the SNIA has the right to modify the terms applicable to Covered Code created under this License.

6.3 Derivative Works. If You create or use a modified version of this License (which you may only do in order to apply it to code which is not already Covered Code governed by this License), You must (a) rename Your license so that the phrases "Storage Networking Industry Association," "SNIA," or any confusingly similar phrase do not appear in your license (except to note that your license differs from this License) and (b) otherwise make it clear that Your version of the license contains terms which differ from the SNIA Public License. (Filling in the name of the Initial Developer, Original Code or Contributor in the notice described in Exhibit A shall not of themselves be deemed to be modifications of this License.)

7. DISCLAIMER OF WARRANTY. COVERED CODE IS PROVIDED UNDER THIS LICENSE ON AN "AS IS" BASIS, WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES THAT THE COVERED CODE IS FREE OF DEFECTS, MERCHANTABLE, FIT FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE COVERED CODE IS WITH YOU. SHOULD ANY COVERED CODE PROVE DEFECTIVE IN ANY RESPECT, YOU (NOT THE INITIAL DEVELOPER OR ANY OTHER CONTRIBUTOR) ASSUME THE COST OF ANY NECESSARY SERVICING, REPAIR OR CORRECTION. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS LICENSE. NO USE OF ANY COVERED CODE IS AUTHORIZED HEREUNDER EXCEPT UNDER THIS DISCLAIMER.

8. TERMINATION.

8.1 This License and the rights granted hereunder will terminate automatically if You fail to comply with terms herein and fail to cure such breach within a reasonable time after becoming aware of the breach. All sublicenses to the Covered Code which are properly granted shall survive any termination of this License. Provisions which, by their nature, must remain in effect beyond the termination of this License shall survive.

8.2 If You initiate litigation by asserting a patent infringement claim (excluding declaratory judgment actions) against Initial Developer or a Contributor (the Initial Developer or Contributor against whom You file such action is referred to as "Participant") alleging that:

(a) such Participant's Contributor Version directly or indirectly infringes any patent, then any and all rights granted by such Participant to You under Sections 2.1 and/or 2.2 of this License shall, upon 60 days notice from Participant terminate prospectively, unless if within 60 days after receipt of notice You either: (i) agree in writing to pay Participant a mutually agreeable reasonable royalty for Your past and future use of Modifications made by such Participant, or (ii) withdraw Your litigation claim with respect to the Contributor Version against such Participant. If within 60 days of notice, a reasonable royalty and payment arrangement are not mutually agreed upon in writing by the parties or the litigation claim is not withdrawn, the rights granted by Participant to You under Sections 2.1 and/or 2.2 automatically terminate at the expiration of the 60 day notice period specified above.

8.3 If You assert a patent infringement claim against Participant alleging that such Participant's Contributor Version directly or indirectly infringes any patent where such claim is resolved (such as by license or settlement) prior to the initiation of patent infringement litigation, then the reasonable value of the licenses granted by such Participant under Sections 2.1 or 2.2 shall be taken into account in determining the amount or value of any payment or license.

8.4 In the event of termination under Sections 8.1 or 8.2 above, all end user license agreements (excluding distributors and resellers) which have been validly granted by You or any distributor hereunder prior to termination shall survive termination.

9. LIMITATION OF LIABILITY. UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER TORT (INCLUDING NEGLIGENCE), CONTRACT, OR OTHERWISE, SHALL YOU, THE INITIAL DEVELOPER, ANY OTHER CONTRIBUTOR, OR ANY DISTRIBUTOR OF COVERED CODE, OR ANY SUPPLIER OF ANY OF SUCH PARTIES, BE LIABLE TO ANY PERSON FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY CHARACTER INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSSES, EVEN IF SUCH PARTY SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY SHALL NOT APPLY TO LIABILITY FOR DEATH OR PERSONAL INJURY RESULTING FROM SUCH PARTY'S NEGLIGENCE TO THE EXTENT APPLICABLE LAW PROHIBITS SUCH LIMITATION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS EXCLUSION AND LIMITATION MAY NOT APPLY TO YOU.

10. U.S. GOVERNMENT END USERS. The Covered Code is a "commercial item," as that term is defined in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. Government End Users acquire Covered Code with only those rights set forth herein.

11. MISCELLANEOUS This License represents the complete agreement concerning subject matter hereof. If any provision of this License is held to be unenforceable, such provision shall be reformed only to the extent necessary to make it enforceable. This License shall be governed by California law provisions (except to the extent applicable law, if any, provides otherwise), excluding its conflict-of-

law provisions. The application of the United Nations Convention on Contracts for the International Sale of Goods is expressly excluded. Any law or regulation which provides that the language of a contract shall be construed against the drafter shall not apply to this License.

12. RESPONSIBILITY FOR CLAIMS. As between Initial Developer and the Contributors, each party is responsible for claims and damages arising, directly or indirectly, out of its utilization of rights under this License and You agree to work with Initial Developer and Contributors to distribute such responsibility on an equitable basis. Nothing herein is intended or shall be deemed to constitute any admission of liability.

13. MULTIPLE-LICENSED CODE. Initial Developer may designate portions of the Covered Code as "Multiple-Licensed". "Multiple-Licensed" means that the Initial Developer permits you to utilize portions of the Covered Code under Your choice of this License or the alternative licenses, if any, specified by the Initial Developer in the file described in Exhibit A.

14. ACCEPTANCE. This License is accepted by You if You retain, use, or distribute the Covered Code for any purpose.

1.DEFINITIONS.

"Software" means the identified above in binary form, any other machine readable materials (including, but not limited to, libraries, source files, header files, and data files), any updates or error corrections provided by Sun, and any user manuals, programming guides and other documentation provided to you by Sun under this Agreement. "Programs" mean Java applets and applications intended to run on the Java 2 Platform, Standard Edition (J2SETM platform) platform on Java-enabled general purpose desktop computers and servers.

2.LICENSE TO USE. Subject to the terms and conditions of this Agreement, including, but not limited to the Java Technology Restrictions of the Supplemental License Terms, Sun grants you a non-exclusive, non-transferable, limited license without license fees to reproduce and use internally Software complete and unmodified for the sole purpose of running Programs. Additional licenses for developers and/or publishers are granted in the Supplemental License Terms.

3.RESTRICTIONS. Software is confidential and copyrighted. Title to Software and all associated intellectual property rights is retained by Sun and/or its licensors. Unless enforcement is prohibited by applicable law, you may not modify, decompile, or reverse engineer Software. You acknowledge that Licensed Software is not designed or intended for use in the design, construction, operation or maintenance of any nuclear facility. Sun Microsystems, Inc. disclaims any express or implied warranty of fitness for such uses. No right, title or interest in or to any trademark, service mark, logo or trade name of Sun or its licensors is granted under this Agreement. Additional restrictions for developers and/or publishers licenses are set forth in the Supplemental License Terms.

4.LIMITED WARRANTY. Sun warrants to you that for a period of ninety (90) days from the date of purchase, as evidenced by a copy of the receipt, the media on which Software is furnished (if any) will be free of defects in materials and workmanship under normal use. Except for the foregoing, Software is provided "AS IS". Your exclusive remedy and Sun's entire liability under this limited warranty will be at Sun's option to replace Software media or refund the fee paid for Software. Any implied warranties on the Software are limited to 90 days. Some states do not allow limitations on duration of an implied warranty, so the above may not apply to you. This limited warranty gives you specific legal rights. You may have others, which vary from state to state.

5..DISCLAIMER OF WARRANTY. UNLESS SPECIFIED IN THIS AGREEMENT, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS AND WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT ARE DISCLAIMED, EXCEPT TO THE EXTENT THAT THESE DISCLAIMERS ARE HELD TO BE LEGALLY INVALID. \

6. LIMITATION OF LIABILITY. TO THE EXTENT NOT PROHIBITEDBY LAW, IN NO EVENT WILL SUN OR ITS LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT OR DATA, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES, HOWEVER CAUSED REGARDLESS OF THE THEORY OF LIABILITY, ARISING OUT OF OR RELATED TO THE USE OF OR INABILITY TO USE SOFTWARE, EVEN IF SUN HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. In no event will Sun's liability to you, whether in contract, tort (including negligence), or otherwise, exceed the amount paid by you for Software under this Agreement. The foregoing limitations will apply even if the above stated warranty fails of its essential purpose. Some states do not allow the exclusion of incidental or consequential damages, so some of the terms above may not be applicable to you.

7.SOFTWARE UPDATES FROM SUN. You acknowledge that at your request or consent optional features of the Software may download, install, and execute applets, applications, software extensions, and updated versions of the Software from Sun ("Software Updates"), which may require you to accept updated terms and conditions for installation. If additional terms and conditions are not presented on installation, the Software Updates will be considered part of the Software and subject to the terms and conditions of the Agreement.

8.SOFTWARE FROM SOURCES OTHER THAN SUN. You acknowledge that, by your use of optional features of the Software and/or by requesting services that require use of the optional features of the Software, the Software may automatically download, install, and execute software applications from sources other than Sun ("Other Software"), Sun makes no representations of a relationship of any kind to licensors of Other Software. TO THE EXTENT NOT PROHIBITED BY LAW, IN NO EVENT WILL SUN OR ITS LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT OR

DATA, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES, HOWEVER CAUSED REGARDLESS OF THE THEORY OF LIABILITY, ARISING OUT OF OR RELATED TO THE USE OF OR INABILITY TO USE OTHER SOFTWARE, EVEN IF SUN HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some states do not allow the exclusion of incidental or consequential damages, so some of the terms above may not be applicable to you.

9.TERMINATION. This Agreement is effective until terminated. You may terminate this Agreement at any time by destroying all copies of Software. This Agreement will terminate immediately without notice from Sun if you fail to comply with any provision of this Agreement. Either party may terminate this Agreement immediately should any Software become, or in either party's opinion be likely to become, the subject of a claim of infringement of any intellectual property right. Upon Termination, you must destroy all copies of Software.

10.EXPORT REGULATIONS. All Software and technical data delivered under this Agreement are subject to US export control laws and may be subject to export or import regulations in other countries. You agree to comply strictly with all such laws and regulations and acknowledge that you have the responsibility to obtain such licenses to export, re-export, or import as may be required after delivery to you.

11.TRADEMARKS AND LOGOS. You acknowledge and agree as between you and Sun that Sun owns the SUN, SOLARIS, JAVA, JINI, FORTE, and iPLANET trademarks and all SUN, SOLARIS, JAVA, JINI, FORTE, and iPLANET-related trademarks, service marks, logos and other branddesignations ("Sun Marks"), and you agree to comply with the Sun Trademark and Logo Usage Requirements currently located at <http://www.sun.com/policies/trademarks>. Any use you make of the Sun Marks inures to Sun's benefit.

If Software is being acquired by or on behalf of the U.S. Government or by a U.S. Government prime contractor or subcontractor (at any tier), then the Government's rights in Software and accompanying documentation will be only as set forth in this Agreement; this is in accordance with 48 CFR 227.7201 through 227.7202-4 (for Department of Defense (DOD) acquisitions) and with 48 CFR 2.101 and 12.212 (for non-DOD acquisitions).

13.GOVERNING LAW. Any action related to this Agreement will be governed by California law and controlling U.S. federal law. No choice of law rules of any jurisdiction will apply.

14.SEVERABILITY. If any provision of this Agreement is held to be unenforceable, this Agreement will remain in effect with the provision omitted, unless omission would frustrate the intent of the parties, in which case this Agreement will immediately terminate.

15.INTEGRATION. This Agreement is the entire agreement between you and Sun relating to its subject matter. It supersedes all prior or contemporaneous oral or written communications, proposals, representations and warranties and prevails over any conflicting or additional terms of any quote, order, acknowledgment, or other communication between the parties relating to its subject matter during the term of this Agreement. No modification of this Agreement will be binding, unless in writing and signed by an authorized representative of each party.

VMware® Software Developer Kit (SDK) Agreement

VMware, Inc. ("VMware") provides this Software Developer Kit ("SDK") to you subject to the following terms and conditions. If you disagree with any of the following terms, then do not use this SDK.

1. This SDK contains a variety of materials, including but not limited to, interface definitions, documentation, and sample code regarding programming interfaces to one or more VMware products as referenced in such materials ("VMware Software"). This SDK is intended to serve as a guide for writing programs to interact with the VMware Software.

2. Use Rights: Subject to the restrictions below, you may download and make a reasonable number of copies of the SDK contents for your use solely for the purpose of creating software that communicates with VMware Software ("Developer Software"). For the code designated as "distributable code" in the SDK documentation and posted at <http://www.vmware.com/go/sdk-redistribution-info>, you may use and merge all or portions of the "distributable code" with your Developer Software. Any merged portion of the "distributable code" is subject to this SDK Agreement. For the code designated as "sample code" in the SDK documentation and posted at <http://vmware.com/developer>, you may modify or create derivative works of all or portions of the "sample code". You are permitted to re-distribute the "distributable code" and the modified or derivative works of the "sample code" only as part of your Developer Software for non-commercial or commercial use.

3. Restrictions: You agree that you will not

- (1) use the SDK to create, design or develop anything other than Developer Software;
- (2) make any more copies of the SDK than are reasonably necessary for the authorized use and backup and archival purposes;
- (3) modify, create derivative works of, reverse engineer, reverse compile, or disassemble the SDK, except as expressly permitted in Section 2;
- (4) distribute, sell, lease, rent, lend, or sublicense any part of the SDK to any third party except as expressly permitted in Section 2 or;
- (5) use the SDK to (a) create, design or develop software or service to circumvent, enable, modify or provide access, permissions or rights which would violate the technical restrictions of VMware Software, any additional licensing terms provided by VMware via product documentation, email notification and/or policy change on VMware website, and/or the terms of the End User License Agreements of VMware products; (b) disable, remove, over-ride or modify the display of any VMware product End User License Agreements to the end customers; and (c) upload or otherwise transmit any material containing software viruses or other computer code, files or programs designed to interrupt, destroy, or limit the functionality of any software or hardware.

The restrictions in this Section 3 shall not apply if and to the extent they contradict mandatory local law (including, but not limited to, law implementing the EC Software Directive) provided that, before you exercise any rights that you believe to be entitled to based on mandatory law, you provide VMware with 30 days prior written notice SDK_Legal@vmware.com and provide all reasonably requested information to allow VMware to assess your claim and, at VMware's sole discretion, to provide alternatives that reduce any adverse impact on VMware's intellectual property or other rights.

4. VMware retains ownership of the SDK, including without limitation all copyrights and other intellectual property rights therein. You may not remove, delete or modify any of VMware copyright statements in the SDK.

5. You may not use VMware's name, trademarks or service marks in your Developer Software's names or in a way that suggests your Developer Software is certified or endorsed by VMware. Your use of VMware product names and trademarks shall comply with the Branding Guidelines posted at www.vmware.com.

6. You will not receive any VMware support or subscription services for the SDK or any other services from VMware in connection with the SDK. If you have purchased support and/or subscription services for a VMware product, such support and/or subscription services shall not apply to the SDK or your use of the SDK.

7. Term, Termination and Changes: This Agreement shall continue as long as you are in compliance with the terms specified herein or until otherwise terminated. You and or VMware each may terminate this Agreement for any reason at any time. You agree, upon termination, to destroy all copies of the SDK within your possession or control. The Limitations of Warranties, Liability and Indemnification sections set out in this Agreement shall survive any termination or expiration of this Agreement.

8. Limitations of Warranties and Liability: THE SDK IS PROVIDED "AS IS" WITHOUT ANY WARRANTIES OF ANY KIND. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, VMWARE DISCLAIMS ANY IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT WILL VMWARE BE LIABLE FOR ANY LOST PROFITS OR BUSINESS OPPORTUNITIES, LOSS OF USE, BUSINESS INTERRUPTION, LOSS OF DATA, OR ANY OTHER INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE SDK OR YOUR USE OF THE SDK, UNDER ANY THEORY OF LIABILITY, WHETHER BASED IN CONTRACT, TORT, NEGLIGENCE, PRODUCT LIABILITY, OR OTHERWISE. BECAUSE SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE PRECEDING LIMITATION MAY NOT APPLY TO YOU.

VMWARE'S LIABILITY ARISING OUT OF THE SDK PROVIDED HEREUNDER WILL NOT, IN ANY EVENT, EXCEED US\$5.00.

THE FOREGOING LIMITATIONS SHALL APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, REGARDLESS OF WHETHER VMWARE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

9. Indemnification: You agree to defend, indemnify and hold harmless VMware, and any of its directors, officers, employees, affiliates or agents, from and against any and all claims, losses, damages, liabilities and other expenses (including reasonable attorneys' fees), arising from your modification or derivative works of the "sample code", distribution or use of your Developer Software or breach of this SDK Agreement.

10. These terms are governed by the laws of the State of California and the United States of America without regard to conflict of laws principles. You may not assign any part of this Agreement without the prior written consent of VMware. Any attempted assignment without consent shall be void. These terms constitute the entire agreement between you and VMware with respect to the SDK, and supersede all prior written or oral communications, understandings and agreements. Any waiver of these terms must be in writing to be effective. If any provision of these terms is found to be invalid or unenforceable, the remaining terms will continue to be valid and enforceable to the fullest extent permitted by law.

If you have any questions about this SDK Agreement, please direct all correspondence to SDK_Legal@vmware.com. Do you agree to be bound by the terms of this agreement?
